I. BASIS FOR JURISDICTION

Federal courts are courts of limited jurisdiction (limited power). Generally, only two types of cases can be heard in federal court: cases involving a federal question and cases involving diversity of citizenship of the parties. Under 28 U.S.C. § 1331, a case arising under the United States Constitution or federal laws or treaties is a federal question case. Under 28 U.S.C. § 1332, a case in which a citizen of one State sues a citizen of another State or nation, and the amount in controversy is more than \$75,000, is a diversity case. In a diversity case, no defendant may be a citizen of the same State as any plaintiff.

deseccration of property, Internet stalking, and internet crime are unconstitutionally overbroad. The federal question of these offenses is whether the defendants' actions constituted a true threat to the plaintiff of an intention to cause physical harm or property damage. The federal question is whether the Wordpress staff's actions were so severe and pervasive as to constitute a hostile work environment in violation of the plaintiff's right to be free from discrimination in the terms and conditions of her employment.

and my business, and I am asking the court to step in and help put a stop to this illegal activity.

After I registered my Sung Dynasty website with Wordpress and transferred my domain name to Shopify, I began to experience harassment from Wordpress to develop my website and continue to do business with them. Prior to transferring to Shopify, my website was disabled and I was unable to edit it. The admin panel was displayed on the public pages, stating that Javascript had been disabled. When I contacted Wordpress support, they stated that nothing was wrong with my website. However, after further investigation, it was determined that Wordpress had indeed disabled my website and removed my ability to edit it. After an arduous amount of time spent

I allege that Wordpress has repeatedly harassed me and my business since they have cloned my website. The conversation to discuss a settlement has only caused further harm to my business. I believe that I am being cyberattacked by Wordpress staff and it is causing damage to my business, including loss of sales. I have been unable to take the password protection off of my website for the public to access the site due to the continued harassment from Wordpress staff. I

have previously told them that I was going to file a lawsuit against them and a police report, but they have not ceased their attempts to contact me to do business with me. As a result of their actions, I am seeking relief in the form of an injunction to stop Wordpress from continuing their attempts to do business with me or contact me in any way. Additionally, I am seeking damages for the harm that they have caused to my business.

on November 17, 2022, I was forced to go to the police station to report Wordpress for contacting me to do business with them. After I let them know that the following week I was going to file the complaint with the court and warning that I was

going to file a police report if they contacted me after I filed the complaint with the court. The 90th precinct briefly reviewed some of the case files and stated that they would file a complaint after the court grants the case against Nordpress. This incident has caused me a great deal of stress and anxiety, and I hope that by filing this police report, I can put an end to this harassment.

The defendant's actions have caused the Plaintiff to miss work, resulting in lost wages. The defendant's actions has also caused the Plaintiff to suffer from a loss of productivity at work. The Plaintiff has also suffered from a loss of opportunity to advance in her career. As a result of the defendant's actions, the Plaintiff has extended mental health therapy and continues to take medication. The emotional distress, anxiety, and fear caused by the defendant's actions have had a profound effect on the Plaintiff's life. The physical and financial damages she has suffered are significant. The plaintiff specifically wants all of her accounts on Wordpress terminated and for Wordpress to be restricted from contacting all entities of Sun Dynasty, as well as all of the plaintiff's other businesses. I don't understand how all of a sudden the website needs Javascript or it's not working properly.

I've checked your site in our logs and Jetpack is connected, and there are no errors.

To assist you further:

- Can you please share to me the link where you're editing your site and see "Javascript is enabled or that my browser does not support it"?
- How does it look like when you edit the site on another browser?
- What browser are you currently using and which version <https://updatemybrowser.org/> ?
- Please also share screenshots of what you see.

Here's a step-by-step guide to taking a screenshot – <https://en.support.wordpress.com/make-a-screenshot> Then upload the images to this email so we can take a look, we're happy to help!

Hi there!

Someone from WordPress disabled my website and I am going to find out who to report it to. The website is not functioning and I did not give anyone access to it.

The only change I'm seeing to your site is that the sung-dynasty.com domain that you had set as the primary domain was transferred to Shopify -- your site is still available at sungdynastycom.wpcomstaging.com , and you can use a different domain as your site's primary domain from the Upgrades > Domains area of WordPress.com here: <https://wordpress.com/domains/manage/sungdynastycom.wpcomstaging.com>

We have a guide on making that change here: <https://wordpress.com/support/domains/#set-a-primary-address>

As my colleague mentioned, if you can give us more details as to where you're seeing the error about Javascript is enabled or that my browser does not support it , we'll be happy to look into what's going on!

I hope this helps! Please let us know if there's any other information we can provide.

Hi there,

I would advise you to stop sending me emails to continue the service. There is no way that my website was disabled and you don't know what happened. When things quiet down I will delete everything. I don't advise you to keep tabs on the site or anything that I have to do with it.

I'm sorry to hear that you do not want to continue your subscription with us and would like to delete all the content later. I understand you do not want us to do anything to your website. I want to assure you that we do not make any changes to your site without your explicit request/approval. That being said, we'd take a pause here and like to know if you have any questions or need any help right now?

I see you mentioned earlier that your website was taken down by someone and you wanted to report it and also you were seeing some error. As my colleague has mentioned below that your WordPress.com site is accessible through sungdynastycom.wpcomstaging.com so that should confirm the site has not been taken down. However, we'd love to help you with the error message you mentioned earlier. If you'd like us to help you with that, please share more information about it like where exactly do you see that error and what steps you take to get that error. A screenshot would be super helpful too.

Please feel free to let us know if you have any questions or need further help.

Thanks,

Riyaz

Hi there,

Won't the fuck you give me a refund instead of being in contact with me about my business. Stop wasting my time and this is like the third time I have told you.

I understand that you do not want to be contacted anymore about your business, and we will honor that. However, I wanted to make sure that you do not incur any more costs and have the information you need to cancel.

You mentioned that you wanted to cancel everything, and will be deleting content, and wanted a refund. Regarding the refund, you are currently past the refund period so we can't offer a refund at this time. You can review our refund policy [here](#):

In terms of the current purchases you have with us, that you mentioned you would be cancelling you have a Pro Plan and the following domain (sungdynastycom.net). Both of these are currently set to renew in mid April of 2023. Here is a screenshot for reference:

If you would like to not renew these I recommend that you log into your account and turn off the auto-renew on these purchases. You can do that by going to the following link and clicking on each purchase where you will see an option to disable the auto-renew. or if you'd prefer, cancel the purchase altogether.

If you are looking to hold on to your domain (sungdynastycom.net), then you could either keep it with us and renew it, or follow the instructions in the following document to transfer it out to the registrar of your choice: <https://wordpress.com/support/domains/transfer-domain-registration/>

I hope this answers any of your questions, and provides you with the appropriate information should you choose to leave WordPress.com.

Hi there,

How do you have a website and domain that you can charge me for if the domain was transferred? Fuck with me if you want!

As my colleague mentioned, turning off auto-renewal will ensure you are not charged for the WordPress.com Pro plan. You can manually turn that off from here:

<https://wordpress.com/me/purchases/sungdynastycom.wpcomstaging.com/18939874>

We would also be happy to turn this off from our end, for all subscriptions, if you'd like. Please confirm that you would like auto-renew off for the following:

- Domain Registration: sungdynastycom.net
- WordPress.com Pro Plan

The domain name sungdynastycom.net is still active and can be transferred out anytime before 2023-05-13 via:

<https://en.support.wordpress.com/move-domain/transfer-domain-registration/>

I will now close this ticket, but please feel free to reply if you need anything else.

Hello again,

I went ahead and turned off auto renew for the following subscriptions:

- Domain Registration: sungdynastycom.net (expires: 2023-05-13)
- WordPress.com Pro Plan (expires: 2023-05-12)

You will not be charged again for anything. As I mentioned in my previous email, if you'd like to keep the domain name, sungdynastycom.net, you'll want to transfer it to another registrar before the expiration date of 2023-05-13. This has not yet been completed.

All the best,

Hi there,

I have been keeping an eye on the account and you just recently took down my Shopify account and I am still taking you to court for duplicating my website without my knowledge.

The domain names on this account (sungdynastycom.net, matuldbluroseuntouchabledigital.sung-dynasty.com and sung-dynasty.com) were cancelled by you or someone with access to your account on today's date, likely as part of your request to remove your site from our systems. These domains were registered with us, but were pointing to your Shopify site. The cancelling of these domains is what now renders your Shopify site offline.

The site on WordPress.com, and the related domains, was registered to this email address in May of 2022. If you wish to delete what remains of your presence on WordPress.com, please do the following.

1. Access your list of subscriptions on this page, and cancel the subscription for your primary WordPress.com site sungdynastycom.wpcomstaging.com.
<https://wordpress.com/me/purchases>
2. Close your WordPress.com account. <https://wordpress.com/me/account/close>

Please let me know if you have any other questions.

Cheers,

James H

You cloned my website and you are still trying to get business from me.

Checking your account, you do have a WordPress.com Pro subscription still active but that does have auto-renew turned off, so you can let that expire on 2023-05-12

Are you getting notices for any other subscriptions?

Hi there,

>Why are there other subscriptions that you are contacting me about when I did not register for anything?

>You actually set up another account under my name without my permission.

I'm not sure if you intended this email for us or someone else. However, if you believe WordPress.com has cloned your website, could you please share additional details about the cloned website? Note that we don't clone websites as we have millions of websites hosted on our platform. If you see a cloned

website it may be someone else who may have. So we'd like to get more details in order to find out exactly what is happening here.

>Do you have enough reason to not have any contact with me or do you still want to be in contact with the person whose website you cloned and rush the issue to court?

>Secondly, you are talking really stupid for someone who owns a major organization that you cloned my website without paying for it.

>For the record, since you are contacting me, you have the option to settle out of court.

As I mentioned above, please share additional details about the clone so we can take a look. We'll at least need the address of the website that has copied content/layout from your website `sungdynastycom.wpcomstaging.com`.

Please feel free to let us know if you have any questions or need further help.

Thanks,

Riyaz

It is obvious that the matter is a joke to you, but I don't think the owner of WordPress knows that you agreed to receive a settlement agreement, and this email that I received. I will see you in court, and for the second time if I receive another email from you to do business with you after you cloned my website and have been harassing me for months, I have to file a police report.

If there was a responsible adult involved or if you have spoken to an attorney you would not have emailed me. I can take as long as I need to get the information I have and you were supposed to wait not to rush for a settlement with me. You can't be trusted and that is why I am observing you.

For the record, I see that there is a bunch of kids playing with my business after you have cloned my website.

If you are going to reply do it now and not in the late hours of the morning cause that means that my emails are going to a particular account. And don't let it be that someone is trying to set me up.
